Dr. Sampreeth Singh Wadhwa

MBBS-Trained Physician | Clinical Evidence, Scientific Exchange and Medical Education

Fort Erie, Ontario, Canada | sampreethwadhwa@gmail.com | linkedin.com/in/sampreethsingh | Portfolio

SUMMARY

MBBS-trained physician with emergency, ICU and occupational health experience and four years in health technology. I reviewed clinical literature for evidence-based EHR content, presented to clinicians at Greenway's provider conference and to client leadership, and trained 200+ providers and nurses. I have not held an MSL or medical affairs title and have no oncology-specific practice; I am looking to move my clinical and scientific communication skills into medical affairs.

CORE SKILLS

- **Scientific communication:** literature review, evidence synthesis, presentations to clinicians, clinician education
- **Clinical:** emergency medicine, critical care, occupational health, clinical AI evaluation
- **Stakeholders:** relationships with clinicians and leadership, patient safety review

HEALTHCARE SOFTWARE EXPERIENCE

Clinical Advisor, Greenway Health Aug 2022 – Oct 2026 | Remote

- Reviewed clinical literature on the Clinical Content Team to keep EHR clinical content evidence-based and aligned with guidelines.
- Presented clinical and product concepts to provider audiences at the Greenway Engage conference and directly to client clinical leadership.
- Designed and delivered training for 200+ clinicians and staff, including providers, nurse practitioners, nurses and medical assistants.
- Patient Safety Committee member: triaged patient safety issues and defects from detection through stage-gate release.
- Main clinical contact for close to 200 client practices, translating clinician needs into product decisions.

AI Evaluation (Freelance), Outlier Dec 2025 – Present

- Write clinical prompts and expert reference answers, build scoring rubrics, and grade and compare ChatGPT, Gemini and Claude responses for clinical accuracy and task requirements.
- Design questions that challenge frontier models on clinical workflows and simulated scenarios, documenting where responses help and where they fail.

Founder and Product Lead, Roovero Dec 2025 – Present

- Took an AI content SaaS for small businesses from discovery to launch; now serving paying pilot clients and iterating on their feedback.
- Own requirements, AI architecture and the hands-on build (Flutter, Firebase, Next.js) using Claude Code and Codex, including billing and webhook integrations.
- Work agentically: write the PRD, functional design and technical design documents first, then have AI agents build from them. The support system runs on a RAG pipeline.

CLINICAL EXPERIENCE

- **Senior Resident, Emergency Medicine, Aster CMI**, Bengaluru (Apr 2021 – Jul 2022): quaternary care, Level 1 trauma centre.
- **ICU Registrar, HBS Hospital**, Bengaluru (May 2020 – Jan 2021): worked under a senior doctor in the ICU, treating COVID-19 and other ICU patients; bedside echo, USG, intubation and central lines; trained 12+ nurses.

- **Occupational Health Physician, Ranger OH Clinic** (Jan – Apr 2021): factory occupational health centre, seeing 150 to 200 patients a day; wrote SOPs; trained 500+ people in emergency and safety protocols.
- **Teleconsultation Doctor, TATA 1MG** and freelance physician, India (Nov 2020 – present): virtual and in-person consultations, chronic disease management.

EDUCATION

MBBS, Kempegowda Institute of Medical Sciences (KIMS) 2020 | Bengaluru, India
