Dr. Sampreeth Singh Wadhwa

Clinical Educator and Product Specialist | Physician-Trained | Healthcare Technology Adoption
Fort Erie, Ontario, Canada | sampreethwadhwa@gmail.com | linkedin.com/in/sampreethsingh | Portfolio

SUMMARY

MBBS-trained physician with hands-on ICU and emergency experience, including bedside ultrasound and echo, intubation and central line placement, followed by four years at Greenway Health training 200+ clinicians on new workflows. I have trained nurses, providers and 500+ people in safety protocols, and I turn clinical feedback into product requirements. I want to bring that clinical credibility to a surgical product portfolio, supporting customers before and after the sale.

CORE SKILLS

- **Clinical and education:** physician-trained clinician, product and end-user training, SOP writing, clinical protocols, patient safety review
- **Procedures:** bedside echo and ultrasound, intubation, central line placement (ICU and emergency)
- **Customer-facing:** pre- and post-sale education, clinical support for customers, client presentations, stakeholder communication

HEALTHCARE SOFTWARE EXPERIENCE

Clinical Advisor, Greenway Health Aug 2022 – Oct 2026 | Remote

- Trained 200+ end users, including providers, nurse practitioners, nurses and medical assistants, on new workflows and features.
- Ran discovery with close to 200 client practices to document clinical pain points and workflows, then configured solutions to fit them.
- Acted as the clinical voice to product teams: wrote PRDs and feature requests from recurring client pain points; many shipped to clients.
- Triaged defects and patient safety issues from detection through stage-gate release as a member of the Patient Safety and Functional Advisory Committees.
- Presented to clients and at the Greenway Engage provider conference (50 attendees).

AI Evaluation (Freelance), Outlier Dec 2025 – Present

- Write clinical prompts and expert reference answers, build scoring rubrics, and grade and compare ChatGPT, Gemini and Claude responses for clinical accuracy and task requirements.
- Design questions that challenge frontier models on clinical workflows and simulated scenarios, documenting where responses help and where they fail.

Founder and Product Lead, Roovero Dec 2025 – Present

- Took an AI content SaaS for small businesses from discovery to launch; now serving paying pilot clients and iterating on their feedback.
- Own requirements, AI architecture and the hands-on build (Flutter, Firebase, Next.js) using Claude Code and Codex, including billing and webhook integrations.
- Work agentically: write the PRD, functional design and technical design documents first, then have AI agents build from them. The support system runs on a RAG pipeline.

CLINICAL EXPERIENCE

- **Senior Resident, Emergency Medicine, Aster CMI**, Bengaluru (Apr 2021 – Jul 2022): quaternary care, Level 1 trauma centre.
- **ICU Registrar, HBS Hospital**, Bengaluru (May 2020 – Jan 2021): worked under a senior doctor in the ICU, treating COVID-19 and other ICU patients; bedside echo, USG, intubation and central lines; trained 12+

nurses.

- **Occupational Health Physician, Ranger OH Clinic** (Jan – Apr 2021): factory occupational health centre, seeing 150 to 200 patients a day; wrote SOPs; trained 500+ people in emergency and safety protocols.
- **Teleconsultation Doctor, TATA 1MG** and freelance physician, India (Nov 2020 – present): virtual and in-person consultations, chronic disease management.

EDUCATION

MBBS, Kempegowda Institute of Medical Sciences (KIMS) 2020 | Bengaluru, India
