Dr. Sampreeth Singh Wadhwa

Healthcare Clinical Solutions Consultant | EHR Advisory and Workflow Redesign | MBBS-Trained Physician

Fort Erie, Ontario, Canada | sampreethwadhwa@gmail.com | linkedin.com/in/sampreethsingh | Portfolio

SUMMARY

MBBS-trained physician with four years at Greenway Health, a US EHR company, advising close to 200 client practices on EHR workflows, adoption and clinical documentation. I run discovery sessions, document current processes and pain points, and recommend and configure improvements, then train staff and report back to practice leaders. Hospital practice in emergency medicine and ICU gives me a clinician's view of how care and documentation run day to day. I have presented to clients and at Greenway's provider conference, and I sat on the Patient Safety and Functional Advisory Committees.

CORE SKILLS

- **Implementation:** business discovery, requirements gathering, current- and future-state workflow mapping, system configuration, go-live and setup support, implementation project team
- **Training and adoption:** role-based end-user training, clinical staff training, SOP writing, user adoption, stakeholder communication
- **Quality and clinical:** defect triage, patient safety review, stage-gate release, clinical documentation workflows, emergency, ICU and inpatient care

HEALTHCARE SOFTWARE EXPERIENCE

Clinical Advisor, Greenway Health Aug 2022 – Oct 2026 | Remote

- Owned end-to-end EHR implementations for close to 200 client practices, from discovery and workflow documentation through configuration, setup and adoption.
- Ran discovery with each practice to document pain points, business processes and goals, then designed and configured practice-specific workflows and widgets.
- Trained 200+ end users, including providers, nurse practitioners, nurses and medical assistants, on the new workflows.
- Wrote PRDs and feature requests from recurring client pain points and worked with product teams to get them built; many shipped to clients.
- Triaged defects and patient safety issues from detection through stage-gate release as a member of the Patient Safety and Functional Advisory Committees.
- Clinical lead for a new AI-first EHR from Aug 2025: defined provider personas, mapped end-to-end clinical workflows and built React prototypes before engineering handoff.
- Presented to clients and at the Greenway Engage provider conference.

AI Evaluation (Freelance), Outlier Dec 2025 – Present

- Write clinical prompts and expert reference answers, build scoring rubrics, and grade and compare ChatGPT, Gemini and Claude responses for clinical accuracy and task requirements.
- Design questions that challenge frontier models on clinical workflows and simulated scenarios, documenting where responses help and where they fail.

Founder and Product Lead, Roovero Dec 2025 – Present

- Took an AI content SaaS for small businesses from discovery to launch; now serving paying pilot clients and iterating on their feedback.
- Own requirements, AI architecture and the hands-on build (Flutter, Firebase, Next.js) using Claude Code and Codex, including billing and webhook integrations.
- Work agentically: write the PRD, functional design and technical design documents first, then have AI agents build from them. The support system runs on a RAG pipeline.

CLINICAL EXPERIENCE

- **Senior Resident, Emergency Medicine, Aster CMI**, Bengaluru (Apr 2021 – Jul 2022): quaternary care, Level 1 trauma centre.
- **ICU Registrar, HBS Hospital**, Bengaluru (May 2020 – Jan 2021): worked under a senior doctor in the ICU, treating COVID-19 and other ICU patients; bedside echo, USG, intubation and central lines; trained 12+ nurses.
- **Occupational Health Physician, Ranger OH Clinic** (Jan – Apr 2021): factory occupational health centre, seeing 150 to 200 patients a day; wrote SOPs; trained 500+ people in emergency and safety protocols.
- **Teleconsultation Doctor, TATA 1MG** and freelance physician, India (Nov 2020 – present): virtual and in-person consultations, chronic disease management.

EDUCATION

MBBS, Kempegowda Institute of Medical Sciences (KIMS) 2020 | Bengaluru, India
